INTERNSHIP

- Currently working as a paid intern with the Proptiger (housing.com) frontend team with a PPO
- **Bharat Rohan, Hyderabad** (June-July 2017)
  - Developed a full-fledged responsive website www.bharatrohan.in from scratch using Bootstrap, HTML, CSS.
  - Optimally utilised the features of Bootstrap, HTML and CSS in order to make the website PC compatible as well as small devices compatible.
  - Developed a contact form linking it to a database storing all the information of the contact form.
- Worked on the front-end and managerial role of an e-commerce start-up named **FUNKYMAAL**
- Worked with **FUNKYMAAL** to generate a turnover of over 30 Lakhs in less than a year in online and offline market.

PROJECTS

- Automated the timetable management system of the college as the 6th Semester DBMS project to display, assign and modify the timetable of any given teacher from the viewpoint of the teacher or the HOD after their respective authorization is done through password.
- Analyzed the spelling mistakes as well as grammatical errors occurring in a text document based on the principle of Levenshtein Distance and comparing each word present in the text document with words from a dictionary in the most time efficient as well as space efficient way using C++, under the guidance of Dr. B.M. Sagar. Used the same concepts to develop a slang language dictionary.

TECHNICAL SKILLS

- Courses completed: Data Structures, Operating systems, Design and Analysis of Algorithms, Computer Networks and Software Engineering
